

## PRSS-S Certemy Instructions Guide

1. If you do not currently have a Certemy account, create one after clicking on PRSS-S application directly from NCB PRSS-S webpage. Use a personal email address (not work email) so you will always have access to your email and Certemy account. If you already have an account, log into your current account after clicking on PRSS-S application directly from NCB PRSS-S webpage.
2. Complete the 7 steps within Certemy. The circles will be red, once you submit the required content, they will turn green. After NCB approves the step, it will be green with a checkmark. The NCB has 10 business days to verify each step. If a step is rejected, Certemy will alert you as why it was rejected and what needs to be done to resolve the issue.
